

FOR IMMEDIATE RELEASE

TorcSill Foundations, Opens District Office in Carlsbad, NM

CARLSBAD, New Mexico – October 16, 2018 – [TorcSill Foundations, LLC](#), or “the company,” the global authority on helical pile foundation and anchoring systems, is proud to announce the opening of the Carlsbad District office in Carlsbad, NM. This relocation reinforces TorcSill’s presence as the one-stop shop for helical pile foundations in the New Mexico region.

TorcSill is excited for the grand opening of our Carlsbad, NM office. An open-house is planned for Thursday, November 8, 2018, at our new location. **Contact Austin Addington at (575) 703-3915 for details regarding this event.**

About TorcSill Foundations LLC

TorcSill Foundations, LLC engineers, manufactures and installs helical piling foundation systems designed for a broad range of markets. TorcSill’s helical piles, also known as helical piers and screw piles and TorcSills, are a proven foundation solution that are ideal for energy, industrial and commercial applications, including oil & gas production equipment, midstream equipment, refineries and power & transmission equipment. The Company’s headquarters and ISO:9001:2015 compliant manufacturing facility are located in Pasadena, Texas, with field service and installation locations in Colorado, Louisiana, New Mexico, North Dakota, Oklahoma, East Texas, South Texas, West Texas, Texas Gulf Coast and West Virginia. TorcSill’s clients benefit from a turnkey product and service package that includes in-house research and development, design, fabrication, survey and installation. The TorcSill helical piles are rigorously tested and can be customized to meet specific, demanding project requirements. Company website: www.torcsill.com
