

FOR IMMEDIATE RELEASE

TorcSill Foundations, Appoints Jeff Sullivan as Chief Commercial Officer

PASADENA, Texas – September 10, 2018 – [TorcSill Foundations, LLC](#), or “the company,” the global authority on helical pile foundation and anchoring systems, is proud to announce the appointment of Jeff Sullivan to the role of Chief Commercial Officer. He will be based at the Company’s headquarters in Pasadena, Texas, and has oversight of executive level management leadership with consideration to business development, marketing, engineering and operations.

“Jeff has a singular focus on great customer service through safety and deliverability,” Tim Swift, Chief Executive Officer, TorcSill commented. “These priorities will ensure his success as Chief Commercial Officer at TorcSill.”

Sullivan began his career at TorcSill as a business development professional in 2012 and quickly established a top-tier customer service culture within the company. Sullivan helped exceed company projections by increasing foundation installation volume almost eight times within a two-year period. Under his leadership, TorcSill established a presence in the most active energy development regions in the country and expanded from a single location to more than ten regional sales and service districts.

Sullivan worked in several positions with the Oklahoma State Senate while earning his B.A. in Journalism and Mass Communications from the University of Oklahoma.

### About TorcSill Foundations LLC

TorcSill Foundations, LLC engineers, manufactures and installs helical piling foundation systems designed for a broad range of markets. TorcSill’s helical piles, also known as helical piers and screw piles, are a proven foundation solution that are ideal for energy, industrial and commercial applications, including oil & gas production equipment, midstream equipment, refineries and power & transmission equipment. The Company’s headquarters and ISO:9001:2015 compliant manufacturing facility are located in Pasadena, Texas with field service and installation locations in Colorado, Louisiana, North Dakota, Oklahoma, South Texas, West Texas, Texas Gulf Coast and West Virginia. TorcSill’s clients benefit from a turnkey product and service package that includes in-house research and development, design, fabrication and installation. The TorcSill helical piles are rigorously tested and can be customized to meet specific, demanding project requirements. Company website: [www.torcsill.com](http://www.torcsill.com)
